## AIRCONDITIONING, SALES, INSTALLATION AND SERVICE

<b>HYDROKLEEN</b>	Your air conditioner and save on your power bill!
<b>DESCRIPTION</b>	HydroKleening a dirty air conditioner/heat pump can save you up to 30% power usage. Means clean air by eradication of microbial contamination of fungi, mould & bacteria. The volume of air is doubled when dirt is removed from the blower fan. Air is cooler or warmer as dirt no longer overlays coil unit. Your air conditioner will last longer and be like new.
